

RIKKE HOLM CHRISTENSEN **TO WORK IN DENMARK FOR A** **GLOBAL COMPANY – ACROSS** **BORDERS**

ABOUT ME

- Rikke Holm Christensen
- DTU 2007-2013 (Bachelor of Science in Engineering - Civil Engineering, Master of Science in Engineering – Transport and Logistics)
- Worked in RailNet Denmark 2013-2014 (Traffic planning)
- Employed in Rambøll since September 2014 (Signalling / Planning and Rolling Stock)

PROJECTS I WORK ON - THE GREATER COPENHAGEN LIGHT RAIL

- Ramboll is part of a joint venture making the Traffic system for the Light Rail
- I mainly work with travel time calculations and capacity
- German, Italian, French and British colleagues
- We all work from the project office in Ørestad

PROJECTS I WORK ON - OSLO-SKI (THE FOLLO LINE)

- Ramboll will be evaluating plans for the new signaling system to be implemented in the tunnel
- I mainly work as an assisting project manager, and is responsible for all of our deliverables
- The project is a collaboration between Ramboll Denmark and Ramboll Norway, so we work from different offices in Copenhagen, Oslo, Stavanger and Trondheim

GOING FROM BEING A STUDENT TO AN EMPLOYEE - WHAT WOULD I DO DIFFERENT?

- Generally I got a broad knowledge from studying at DTU
- The most important thing I learned at DTU is, is to gain new knowledge and be able to understand problems

More courses in

- Project Management
- Modelling
